Inkjet Training

Large Character Marking

Videojet and Marsh Large Character Printer/Case Coder Training

Videojet offers a number of training courses designed to help you optimize the performance of your large character/box coding equipment.

Courses are available for these large character printers:

- Videojet 2300 Series
- Videojet 2120
- PatrionPlus
- Unicorn

Flexible locations

Choose to host the training at your production facility or attend courses at one of the Videojet corporate training centers. Each class is facilitated by a Videojet full-time training professional. All courses incorporate maximum hands-on learning and formal testing.

Course levels

Both introductory and advanced courses are available. Partner with Videojet to select the most suitable option based upon your needs and the level of experience of your maintenance team.

Course curriculum typically includes:

- ✓ Safety
- ✓ Printer operation
- ✓ Printer theory and diagnostics
- ✓ Message programming including CLARISOFT™ (for compatible models)
- ✓ Keys to successful self-maintenance
 - ✓ Attaining and maintaining high-quality print
 - ✓ Printer optimization; maximizing uptime
- ✓ Troubleshooting and corrective maintenance
- ✓ Production area review and assessment (when training takes place at your location)

Course topics are customizable upon request.
